

Product Specifications

L-50-DF-T

Termination Load

Main Features

- Wide frequency band
- Low VSWR
- Excellent capacity in anti-pulse and burnout
- Easy to be installed

Electrical Specifications

Frequency	DC to 3GHz
Return loss/VSWR	$\leq -20.8\text{dB}/1.20$
Power handling	50W @ 25°C
Intermodulation(3 rd)	$\leq -120\text{dBc}@2\times 20\text{W}$
Impedance	50 Ω

Environmental Specifications

Temperature range	-35°C to +125°C
Relative humidity	0 - 95%
Applications	Indoor

Mechanical Specifications

Dimensions	$\Phi 50 \times 137(\text{mm})$
Weight	390g
Connectors type	DIN female
