

TH Series Universal Angle Adapter

Installation Instructions

PRODUCT DESCRIPTION

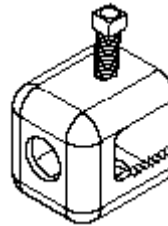

Universal Angle Adapters provide a durable means for securing coaxial cable to solid angle members or to angle members where pre-punched holes are not easily accessible. The adapters accommodate snap-in hangers via two 3/4" pre-punched holes. The TH511-U03 Universal Angle Adapter kit includes (10) 3/8" tapped inserts to be used in conjunction with any cable hanger that attaches via 3/8" hardware.

This bulletin pertains to:
TH511-U03 Adapter with tapped inserts
TH512-U05 Adapter w/o inserts
